

Naiad 10.5 Twin Jet

An impressive creation from the design board of Naiad in New Zealand is this 10.5m Super Yacht Tender.

This is one of two identical boats, built to top super yacht standard and fit-out.

This boat features:

- Twin Yanmar 480hp diesels
- Hamilton 292 jets
- Blue Arrow "mouse boat" control system
- Teak decks
- Stainless steel bimini
- Forward retractable canopy
- Luxury seating for up to 12 guests and 2 crew
- Sun lounger
- Six-speaker stereo system with iPod inputs
- Garmin 3010C GPS/plotter
- Hot and cold transom shower

Naiads are renowned for their ability to chop through rough water comfortably and this boat, with it's 23 degree variable deadrise is no exception to the rule. The hull is aluminium, beautifully faired and gloss coated with AWLGrip Aristo Blue and Matterhorn White.

A first for Naiad is the fitment of a parasail system, complete with two sails (one single and one tandem). The bimini has been specially designed and positioned over the sun lounger, which is the "take-off and landing pad" for parasailing.

No expense has been spared in the engineering, which includes a Firebuoy engine room flood system, hands-free anchoring, underwater lights, lined storage lockers.

Specifications

Length O/A	10.5 metres
Beam O/A	3.5 metres
Beam Internal	3 metres
Tube Diameter	550 mm
Draught	550 mm
Deadrise	23°
Decks	Laid teak
Engines	2 x Yanmar diesel inboards
Power	2 x 358 Kw (487 Hp)
Propulsion	2 x Hamilton HJ292 waterjets
Controls	Hamilton Blue Arrow
Weight	6,600 kgs with full fuel
Speed	43 knots max.
Seating	12 passengers, 2 Crew
Fuel tank capacity	500 litres
Safety	Firebuoy 5.5m ² fire system
